Dear Parent(s)/Guardian(s),

As a way to start documenting the history of our school and the many fine graduates who have left their mark, we are starting to create a video documentary. We are going to be shooting video footage of students (mainly this year's potential graduates at this time) on Wednesday, May 14th, 2008 as a keepsake. This will be documented by a film company from Halifax for our personal use. This video will not be displayed on the internet, television, etc.

With the announcement of a new school in recent weeks, we would like to start compiling keepsakes of what makes this school community so special, our students! Some of the pictures or videos taken may be used within the school for slideshows, etc. We will also store these in our present collection of past yearbooks, videos, picture CD's, photographs, etc. We are sending home this notice to parents to inform you that your child may be part of this video coverage.

If you have any questions or concerns, please feel free to call us at the school.

Sincerely,

Brent Jamieson
